As a motivated individual whose path began as an actuary, I discovered my true passion for code. I took a risk and jumped into a coding boot camp to give me hands on experience with writing code. I have gained many transferable skills such as managing multiple priorities within tight deadlines and strong problem-solving skills.

Software Development Skills

- HTML, CSS, Javascript, Python, Node.js, Express, PostgreSQL, React, Redux, RESTful APi, Debugging

Software Development Portfolio

Kuzushi Solutions | github.com/FelipeD97/crm-system   December 2019
- Kuzushi Solutions is a basic CRM system for small, boutique gyms. This is a template application that small companies could use to manage their gym information.
- This application was built with React, Node.js, Firebase, & PostgreSQL

VineBook | github.com/FelipeD97/vineBook   October 2019
- VineBook is a new web-app for restaurants and wine distributors to better display their wine inventory.
- This app was built in a 3-person team as we were tasked with building a back-end heavy website that effectively pulls data from a database and displays it for a user.
- Project was used with Node.js, Express, PostgreSQL, HTML, CSS, and Javascript

WhetherFit | github.com/FelipeD97/WeatherFit   September 2019 - Present
- WhetherFit is a front-end web application that gives the user a list of clothes to wear based on the weather in their specified location.
- This project was built in a 3-person team, where we were given the task of creating a front-end website that pulls from an API and populates the screen with specific information from that API.
- Project was used with HTML, CSS, and Javascript.

Education

Digital Crafts | Certificate in Software Development | Atlanta, GA   August - December 2019
- An intensive coding boot camp covering full-stack development including Javascript, Python, Express, and a few others languages.

Georgia State University | Atlanta, GA   2015 - 2018
- Three years enrolled in the actuarial science and computer science programs
- Completed many math courses, accounting courses, and financial courses.

Professional Work Experience

Twelve Eighty | Lead Server, Trainer | Atlanta, GA   Nov 2018 - Present
- I've held the following roles: Team Lead, Lead Trainer, Bartender, Server
